The Florida Report, April 2021

The warm weather came and went, but is back with us again. Hopefully, it will stick around for the remainder of our stay in the sunshine state. I know March has come and gone also, but it behooves me to make mention of things associated with March. But it is corned beef and cabbage that takes the stage in March. I am sure all of my favorite readers have had their fill of this tasty meal.

One thing I miss here in Florida, are the Daffodils, the Forsythia, the Lilacs and Dogwoods, If I make it up north this year, I will try to get some daffodil bulbs and maybe some slivers of the others with roots.

St. Patrick's Day celebrations were practically nonexistent this year, just like last year, due to the coronavirus pandemic. Our own "St. Patrick's" function at the clubhouse was never scheduled as the clubhouse is off limits due to the virus. Actually, all activities have been cancelled for the foreseeable future.

One thing I got accomplished since my last report was getting the COVID-19 vaccine. We got scheduled on the fourth try after getting up at six o'clock and using a P.C, an I-Pad and an I-Phone to get an appointment which takes patience and perseverance. I don't plan on changing my normal routine for now and that includes wearing a mask, avoiding crowds and distancing.

The summer weather has returned with all its glory. The cruises are still on hold, so I guess I will have to spend more time watching the weeds in my garden grow. Like last year, I have planted tomato seeds and I will transplant the seedling when they are ready.

My quest searching for snow birds is ongoing, but with people keeping low profiles, there is limited opportunity. That is all for now. Will chat again next month. In the meantime, we can only hope and pray that normalcy will return shortly.

God Bless and stay safe and healthy.

Pat Farrell

**Wishing you all a Happy and Safe Easter!**
